

Qualified local arborists for all your tree needs

Tree trimming to remove dangerous limbs

Mulching up to 12' diameter logs on-site

Stump grinding flat, underground or totally remove

Removing limbs to reduce weight and save older trees

SP Tree & Wood Services is a local arboriculture business with more than 25 years experience in the timber industry.

SP Tree & Wood Services guarantees excellent work and leaves a neat and tidy completed site.

"We take pride in our customer service. We are punctual and efficient at all times. We travel within a 100km radius and offer a free, no obligation quote for all jobs large and small."

BEFORE
This tree re-grew from an old stump and had limbs touching the roof and in amongst the ariel.

AFTER
Growing too close to house and shed. Removed for bushfire safety of dwellings.

BEFORE
This tree was growing too close to the house and was entangled in power lines.

AFTER
It was removed, allowing more light into the home and a blank canvas for landscaping.

We specialise in...

- Tree removals, trimming & pruning
- Removal and grinding of stumps
- Storm clean ups
- Mulching and mulch sales
- Tree lopping

Our machinery...

- 18-metre cherry-picker for larger trees
- 12-metre cherry picker for smaller areas with tight entrances
- Up to 8 cubic metre tipping trucks
- Stump grinders
- Bandit mulcher

We also have a PORTABLE LUCAS MILL with slabbing attachment for milling and slabbing of your timber requirements on-site at your property.
